Type of insurance and cover

The policy provides specified indemnity and benefits associated with journeys for educational purposes and approved by the Policyholder. Insurance applies to each individual pupil or teacher member of a school journey party (an "Insured") who is involved in full-time education, or adult helper or child accompanying them, authorised by the Policyholder. The maximum age is 70 years.

The policy covers any trip or excursion not exceeding 31 days in duration (including exchange visits and work experience placements and winter sports trips) approved by the Policyholder. Trips that have also been insured automatically as part of a package travel arrangement are not eligible.

For winter sports, two levels of cover apply according to age, experience, supervision and range of activities – see section below.

Day trips (no overnight stay): cover starts when Insured leave the school boundaries, and return to them.

Overnight trips: cover starts when the Insured leave their normal place of residence until they return to it. In respect of Cancellation insurance, cover commences on the date of the confirmed booking of the trip.

The Policyholder and Insured also benefit from Emergency Assistance services (see below).

Claim Notification

If you want to make a claim, please contact the Policyholder at their address. Claims are to be notified as soon as possible including supporting information and assistance where we may require it.

The Police must be notified within 24 hours in the event of theft or malicious damage.

Insurance Act 2015

This policy is compliant with the principles of the Insurance Act 2015 law reforms. It also incorporates an 'opt out' which aims to promote good customer outcomes. We have opted-out of the 'proportionate reduction of claim remedy' available to insurers under the Act. This means that in cases of non-disclosure or misrepresentation which are neither deliberate nor reckless, if we would have charged an additional premium had we known the relevant facts, we will charge that premium and pay any claims in full rather than reducing claims payments in proportion to the amount of premium that would have been charged.

We believe that our 'additional premium approach' should, in most situations, be more favourable to our customers when compared to the proportionate reduction of claim remedy. Our additional premium approach does not affect our right to apply the other remedies available under the Act for non-disclosure or misrepresentation.

Cancellation Rights

This policy does not entitle you to a cooling-off period.

Important Notes: Passports, Travel Against Medical Advice & Compulsory Contacting of ZTA

Passports

We recommend that a copy of the passport header page be taken on a journey. Loss of passport is the most common mishap to befall UK travellers and a copy assists with emergency replacement.

Travelling or Intending to Travel against Medical Advice

In line with many travel insurance policies, this policy has an exclusion of "travel against medical advice".

We strongly recommend that if there is any doubt over a current or recent medical condition that the Insured visits their doctor to ensure they are fit to travel and are not invalidating their cover. This will help to avoid potential difficulties should the need to claim arise later for cancellation or sickness happening during the trip.

"Fit to travel" implies that during the trip the medical condition is unlikely to create the need for medical attention or other additional costs such as emergency evacuation or visit of a relative that would ordinarily qualify as a claim under the policy.

The Insured should obtain a written statement from their GP or other medical practitioner at most 7 days before the trip starts stating that they are fit to travel having regard to:

- the condition itself; and
- the following features of the trip: destination, activities, duration, methods of travel

The insured person should tell the medical professional that the required statement is for specific insurance purposes and that it may be relied upon to substantiate the validity of a claim should it later need to be made.

Where a trip is booked (incurring non-refundable expenses) a considerable time before the departure date, it is prudent to consider an additional earlier consultation with the medical professional to obtain a similar statement. This is in case a medical condition being experienced at the time of booking worsens to cause cancellation of the trip before departure, and the need for a Cancellation claim to be made.

Please note that certain events for which assistance may be required or claims paid must be handled through ZTA:
